We have a fine stock of this promising new grape both one- and two-years old, which we offer to our customers without restrictions of any kind.

## GREEN'S EARLY

Is a white grape, in size nearly as large as Niagara, of fine quality, ripening before Moore's Early; an excellent shipper. The vine is a chance seedling of the Concord type, discovered about 13 years ago in Portland, Chautauqua Co., N. Y. It has been quite largely planted in this county, where it has attracted much attention among vineyardists. We believe it a valuable acquisition and recommend its trial.
